Program Description

Program Description Overview

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [Office of Sex Offender Sentencing, Monitoring, Apprehending, Registering, and Tracking](#) (SMART Office) is seeking an application for funding.

OJP is committed to advancing work that promotes civil rights and equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens

community safety, protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, the SMART Office seeks to continue support for the Sexual Violence Prevention Initiative (SVPI) activities of updating, collecting and summarizing research and practice on sexual violence prevention and sex offender management to highlight best practices for the benefit of OJP's research and grant-making efforts.

This program furthers the DOJ's mission to uphold the rule of law, to keep our country safe, and to protect civil rights.

Statutory Authority

Adam Walsh Child Protection and Safety Act, 34 U.S.C. § 20901 et seq.

Specific Information

Registration and notification play an important role in protecting the public from and informing the public about registered sex offenders. Also important is a broader scope of activities necessary to manage this population, reduce recidivism and prevent sexual violence.

Recognizing the significant impact of sexual violence on victims and society—and the role of scientific evidence in developing and implementing effective policies and practices, including those focused on sexual offending—the SMART Office works to identify and disseminate information based on state-of-the-art research on central and emerging issues in sexual violence prevention and criminal justice interventions to inform policy and practice in the field.

In 2011, the SMART Office launched the Sex Offender Management Assessment and Planning Initiative (SOMAPI). As part of this effort, information was gathered about research and practice in the field, and practitioners were enlisted to provide details about promising and effective programs and practices targeting those that commit sex offenses and identify the needs of the various disciplines involved in monitoring and managing this population. The project yielded 13 literature review chapters, 14 research briefs, four fact sheets, a nine-part webinar series and numerous national, state and local level presentations and trainings on sex offense specific subjects. These products are available on the SMART Office's SOMAPI webpage at smart.ojp.gov/somapi/initiative-home. Additionally, recommendations derived from the literature reviews and research and practice discussion forum have informed the SMART Office's grant programs.

SVPI builds upon SOMAPI by updating literature review chapters and research briefs with current and emerging research and practice; developing additional literature review chapters and research briefs; drafting topical briefs targeted to specific disciplines and professionals involved in this work; and inventorying treatment, reentry and management practices, victim-centered approaches, and sexual violence prevention efforts to identify potential best practices. If funds allow, a select group of researchers, treatment providers and other reentry practitioners, victim advocates and prevention specialists, and experts in investigation and prosecution of sex crimes will convene to discuss and peer review the project's findings and make recommendations on future directions.

The SMART Office seeks to provide continuation funding to support the development of new literature review chapters, which will be integrated into one overarching resource document with the theme of sexual violence prevention. Funding will also support an expansion of the current scope of the national inventory of sex offender management policies and practices to include an

inventory of policies and practices for juveniles who have perpetrated or are at risk of perpetrating sexual offenses.

Solicitation Goals and Objectives

Goals

The goal of SVPI is to reduce sexual violence and improve management of individuals convicted of sex offenses, through research and practice.

Objectives

The objectives of SVPI are as follows:

- Develop and maintain literature review chapters and research briefs.
- Disseminate research findings to researchers and practitioners.
- Provide effective program management to achieve project milestones.

Specifically, project activities include the following:

- Update literature review chapters and research briefs with current and emerging research and practice.
- Develop additional literature review chapters and research briefs on relevant topics, including youth with sexual behavior problems, sexual violence prevention and victim-focused programs and services.
- Objectively assess research methodologies and approaches used in the subject literature.
- Draft topical briefs targeted to specific disciplines or professionals involved in sex offender-related work.
- Detail how other sex offender-related programming augments SORNA and disseminate this information to SORNA jurisdictions.
- Develop a dissemination plan to reach broad audiences and professions.
- Inventory sex offender-related policies and practices, as well as sexual violence prevention efforts and identify potential best practices.
- If funds allow, convene a select group of practitioners and experts in investigation and prosecution of sex crimes to discuss and peer review the project's findings and make recommendations on future directions.

For information about what the applicant needs to submit regarding Goals, Objectives, and Deliverables please see the [How To Apply section on the Application Goals, Objectives, Deliverables, and Timeline Web-Based Form.](#)

Eligibility Information

For eligibility information, [see the Synopsis section](#).

How To Apply

Application Resources

When preparing and submitting an application, the following resources may aid prospective applicants:

1. Grants.gov [“How to Apply for Grants”](#)
2. OJP [“How To Apply”](#) section in the [Application Resource Guide](#)
3. JustGrants [Application Submission Training](#)

This solicitation (notice of funding opportunity) incorporates guidance provided in the [OJP Grant Application Resource Guide](#) (Application Resource Guide), which provides additional information for applicants to prepare and submit applications to OJP for funding. **If this solicitation requires something different from any guidance provided in the [Application Resource Guide](#), the difference will be noted in this solicitation and the applicant is to follow the guidelines in this solicitation, rather than the guidance in the [Application Resource Guide](#) that is in conflict.**

How To Apply

Registration

Before submitting an application, all applicants must register with the System for Award Management (SAM.gov). An applicant must renew their registration every 12 months. If an applicant does not renew their SAM.gov registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Applicants are encouraged to start the SAM.gov registration process at least 30 days prior to the application deadlines. Applicants who fail to begin the registration or renewal process at least 10 business days prior to the Grants.gov deadline may not complete the process in time and will not be considered for late submission.

Submission

Applications must be submitted to DOJ electronically through a two-step process that begins in Grants.gov and is completed in JustGrants.

Step 1: After registering with SAM.gov, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://grants.gov/register> by the Grants.gov deadline. **To leave time to address any technical issues that may arise, an applicant should submit the SF-424 and SF-LLL as early as possible.** If an applicant fails to submit in Grants.gov by the deadline, they will be unable to apply in JustGrants. Applicants can confirm Grants.gov submission by verifying their application status shows as “submitted” or “agency tracking number assigned.”

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://justgrants.usdoj.gov) by the JustGrants deadline.

OJP recommends that applicants submit the complete application package in JustGrants as soon as possible. Some of the required sections of the application will be entered directly into JustGrants, and other sections will require documents to be uploaded and attached. Therefore, applicants should allow enough time before the JustGrants deadline to prepare all the requirements of the application. Applicants may save their progress in the system and add to or change the application as needed prior to hitting the “Submit” button at the end of the application in JustGrants.

An applicant will receive emails when successfully submitting in Grants.gov and JustGrants and should maintain all emails and other confirmations received from SAM.gov, Grants.gov, and JustGrants systems.

For additional information, see the “How To Apply” section in the [Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by 11:59 p.m. ET, August 31, 2024.

The **full application** must be submitted in JustGrants by 5:00 p.m. ET, September 20, 2024.

To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration and application process in sufficient time (i.e., waiting until the due dates identified in this solicitation for those systems to begin the application steps) is not an acceptable reason to request a technical waiver.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application (Technical Waivers)

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented submission of the application on time.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes documentation of attempts to receive technical assistance to resolve the issue prior to the application deadline. A tracking number is the most typical documentation and is generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks, and for this reason, long call wait times for support do not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov: contact the [SAM.gov Help Desk \(Federal Service Desk\)](#), Monday–Friday from 8:00 a.m. to 8:00 p.m. ET at 866-606-8220.
- Grants.gov: contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants: contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday–Friday from 7:00 a.m. to 9:00 p.m. ET and Saturday, Sunday, and federal holidays from 9:00 a.m. to 5:00 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the SMART Office at AskSMART@usdoj.gov **within 24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the SMART Office at AskSMART@usdoj.gov **within 24 hours of the JustGrants deadline** to request approval to submit after the deadline.

Waiver requests sent to AskSMART@usdoj.gov must—

- describe the technical difficulties experienced (provide screenshots if applicable);
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded);
- include an attachment of the complete grant application and all the required documentation and materials;
- include the applicant's Unique Entity Identifier (UEI); and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue (including all information listed above), or that does not submit a waiver request within the required time period, will be denied.

For more details on the waiver process, OJP encourages applicants to review the "Experiencing Unforeseen Technical Issues" section in the [Application Resource Guide](#).

Application and Submission Information

Content of the SF-424 in Grants.gov

The SF-424 must be submitted in Grants.gov. It is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. See the [Application Resource Guide](#) for additional information on completing the SF-424.

In Section 8F of the SF-424, please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (*email address*) to assign the application to this user in JustGrants.

Intergovernmental Review: This funding opportunity **is not** subject to [Executive Order \(E.O.\) 12372](#). In completing the SF-424, an applicant should answer question 19 by selecting "Program is not covered by E.O. 12372."

Content of the JustGrants Application Submission

Entity and User Verification (First Time Applicant)

For first time JustGrants applicants, once the application is received from Grants.gov, DOJ will send an email (from DIAMD-NoReply@usdoj.gov) to the individual listed in Section 8F of the SF-424 with instructions on how to create a JustGrants account. This email should arrive within 24 hours after this individual receives confirmation from Grants.gov of their SF-424 and SF-LLL submissions. Register the Entity Administrator (the person who manages who can access JustGrants on behalf of the applicant), the Application Submitter, and Authorized Representative for the applicant with JustGrants as early as possible and (recommended) not

later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive a link in an email to complete the rest of the application in JustGrants. Find additional information on JustGrants Application Submission in the [Application Resource Guide](#).

Standard Applicant Information

The “Standard Applicant Information” section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and verify and confirm the organization’s unique entity identifier, legal name, and address.

Proposal Abstract

A Proposal Abstract (no more than 400 words) summarizing the proposed project—including its purpose, primary activities, expected outcomes, the service area, intended beneficiaries, and subrecipients (if known)—must be completed in the JustGrants web-based form. This abstract should be in paragraph form without bullets or tables, written in the third person, and exclude personally identifiable information. Abstracts will be made publicly available on the OJP and USASpending.gov websites if the project is awarded. See the [Application Resource Guide](#) for an [example](#) of a proposal abstract.

Data Requested With Application

The following application elements should be submitted in the web-based forms in JustGrants.

Financial Management and System of Internal Controls Questionnaire (including applicant disclosure of high-risk status)

The Financial Management and System of Internal Controls Questionnaire helps OJP assess the financial management and internal control systems, and the associated potential risks of an applicant as part of the pre-award risk assessment process. Every OJP applicant (other than an individual applying in their personal capacity, not representing an applicant organization) is required to complete the web-based Questionnaire form in JustGrants. See the [Application Resource Guide: Financial Management and System of Internal Controls Questionnaire \(including Applicant Disclosure of High Risk Status\)](#) for additional guidance on how to complete the questionnaire.

Proposal Narrative

The Proposal Narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point size font; have no less than 1-inch margins; and should not exceed 25 numbered pages.

The Proposal Narrative must include the following sections:

a. Statement of the Problem

Describe why this project and the proposed activities are necessary (significance/value) or address a need. Include supporting information, such as data to provide evidence that the need exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community.

b. Project Design and Implementation

Describe the strategy to address the problem or needs identified in the Description of the Issue/Statement of the Problem. List the project activities and how they relate to the established goals, objectives and outcomes of the project, as well as how additional funding will help implement the project and how it will be accomplished in the web-based form (completed separately from the Narrative attachment).

c. Capabilities and Competencies

Describe the capabilities (what the applicant brings to the project such as resources, experience, expertise) and competencies (the unique skills and abilities of the applicant) required to accomplish the goals and objectives of the project.

d. Plan for Collecting the Data Required for This Solicitation's Performance Measures

Describe the process for measuring project performance. Identify who will collect the data; who is responsible for performance measurements; and how the information will be used to guide and evaluate the impact of the project. Describe the process to accurately report data.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included to provide notice that award recipients will be required to submit performance data as part of each award's reporting requirements.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the solicitation goals and objectives identified in the "[Goals and Objectives](#)" section. Applicants can visit [OJP's performance measurement page](#) at www.ojp.gov/performance for more information on performance measurement activities.

The SMART Office will require award recipients to submit performance measure data and performance reports in JustGrants. The SMART Office will provide further guidance on the post-award submission process, if the applicant is selected for award.

[Note on Project Evaluations](#)

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the "[Note on Project Evaluations](#)" section in the [OJP Grant Application Resource Guide](#).

[Application Goals, Objectives, Deliverables, and Timeline Web-Based Form](#)

The applicant will submit the project's goals, objectives, deliverables and timeline in the JustGrants web-based form. This is a summary of the goals, objectives, deliverables, and timeline that relate to the proposal narrative. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the [Application Submission Job Aid](#) for step-by-step directions.

- **Goals:** The applicant should describe the project's intent to change, reduce, or eliminate the problem noted in the proposal narrative.

- **Program Objectives and Timeline:** The applicant should include objectives to accomplish its goals. Objectives are specific, measurable actions to reach the project's desired results. The included timelines should be clearly linked to the goal.
- **Deliverables and Timeline:** Project deliverables refer to outputs—tangible (for example, Resource Document, reports) or intangible (for example, greater feelings of safety reported by the community)—that are documented and submitted within the scope of a project. Deliverables include timelines.

Deliverables Expected by Award Recipients

- Updated literature review chapters and research briefs with current and emerging research and practice.
- Additional literature review chapters and research briefs.
- Topical briefs targeted to specific disciplines and professionals involved in this work.
- An inventory of treatment, reentry and management practices and sexual violence prevention efforts.
- A summary of best practices.

Program objectives and deliverables should be included in one timeline.

Budget and Associated Documentation

Funding Restrictions

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

Budget Detail and Narrative Web-Based Form

The applicant will complete the JustGrants web-based budget form, which includes both detailed calculations and budget narrative sections.

For additional information about how to prepare a budget for federal funding, see the “[Application Resource Guide](#)” section on [Budget Preparation and Submission Information](#) and the technical steps to complete the budget form in JustGrants in the [Complete the Application in JustGrants: Budget](#) training.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs

OJP strongly encourages every applicant that proposes to use award funds for any conference-, meeting-, or training-related activity (or similar event) to review carefully—before submitting an application—the [Application Resource Guide](#) for information on prior approval, planning, and reporting of conference/meeting/training costs.

Costs Associated With Language Assistance (if applicable)

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services

or benefits for individuals with limited English proficiency may be allowable. See the [Application Resource Guide](#) for information on costs associated with language assistance.

Budget/Financial Attachments

Pre-Agreement (Pre-Award) Costs (if applicable)

Pre-agreement costs are defined as costs requiring approval incurred by the applicant prior to the start date of the period of performance of the federal award. OJP does not typically approve pre-agreement costs. If a successful applicant, in anticipation of the federal award, but before the start date of the period of performance, incurs costs which are necessary for efficient and timely performance of the funded project, those costs may not be charged to the award. See the “Costs Requiring Prior Approval” section in the [DOJ Grants Financial Guide Post-Award Requirements](#) for more information.

Indirect Cost Rate Agreement (if applicable)

Indirect costs are costs of an organization that are not readily assignable to a particular project but are necessary to the operation of the organization and the performance of the project. Examples of costs usually treated as indirect include those incurred for facility operation and maintenance, depreciation, and administrative salaries. The requirements for the development and submission of indirect cost proposals and cost allocation plans are listed in Appendices III – VII of 2 C.F.R. Part 200. A non-federal applicant should follow the guidelines applicable to its type of organization. If applicable, an applicant with a current federally approved indirect cost rate agreement will upload it as an attachment in JustGrants. See the [DOJ Financial Guide](#) for additional information on [Indirect Cost Rate Agreement](#).

Consultant Rate (if applicable)

Costs for consultant services require prior approval from OJP. If the proposed project expects to fund consultant services, compensation for individual consultant services is to be reasonable and consistent with that paid for similar services in the marketplace. See the [DOJ Grants Financial Guide](#) for information on the consultant rates, which require prior approval from OJP.

Limitation on Use of Award Funds for Employee Compensation for Awards Over \$250,000; Waiver (if applicable)

If an applicant proposes to hire employees with federal award funds, for any award of more than \$250,000 made under a funding opportunity, an award recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government’s Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. See the [Application Resource Guide](#) for information on the “Limitation on Use of Award Funds for Employee Compensation for Awards over \$250,000; Waiver.”

Disclosure of Process Related to Executive Compensation (if applicable)

An applicant that is a nonprofit organization may be required to make certain disclosures relating to the processes it uses to determine the compensation of its officers, directors, trustees, and key employees. If applicable, the applicant will upload a description of the process used to determine executive compensation as an attachment in JustGrants. See the “Application Attachments” section of the [Application Resource Guide](#) for information.

Additional Application Components

The applicant will attach the additional requested documentation in JustGrants.

Curriculum Vitae or Resumes

Provide resumes of key personnel who will work on the proposed project.

Letters of Support (if applicable)

Applicants should include, for each named supporting entity, a signed letter of support that outlines the supporting entity's reasons for supporting the project. Applications submitted from two or more entities are encouraged to submit signed letters of support that provide a detailed description of why the proposed project should receive federal funding.

Each letter of support may include the following: (1) a description of the relationship between the applicant entity and the supporting entity; (2) a description of the need and what benefits would be gained from the project; and (3) a description of the applicant's capacity to complete the proposed project. Letters of support should be signed and then submitted as one separate attachment to the application in JustGrants.

Memoranda of Understanding (MOUs) and Other Supportive Documents (if applicable)

Applicants should include for each named partner, a signed Memorandum of Understanding (MOU), letter of intent, or subcontract that confirms the partner's agreement to support the project through commitments of staff time, space, services, or other project needs. For applications submitted from two or more entities, applicants are encouraged to develop and submit signed MOUs or signed letters of intent that provide a detailed description of how the agencies will work together to meet project requirements.

Each MOU or letter of intent should include the following: (1) names of the organizations involved in the agreement; (2) what service(s) and other work will be performed under the agreement by what organization; and (3) duration of the agreement.

Subcontracts, MOUs, or letters of intent should be submitted as one separate attachment to the application.

Research and Evaluation Independence and Integrity Statement (if applicable)

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will upload documentation of its research and evaluation independence and integrity as an attachment in JustGrants. For additional information, see the [Application Resource Guide](#).

Disclosures and Assurances

The applicant will address the following disclosures and assurances.

Disclosure of Lobbying Activities

The SF-LLL attachment that was completed and submitted in Grants.gov is attached to this section.

Applicant Disclosure of Duplication in Cost Items

To ensure funding coordination across grant making agencies, and to avoid unnecessary or inappropriate duplication among grant awards, the applicant will disclose if it has any pending applications for federal funding, including pending applications for subawards of federal funds. Complete the JustGrants web-based Applicant Disclosure of Duplication in Cost Items form. See the [Application Resource Guide](#) for additional information.

DOJ Certified Standard Assurances

Review and accept the DOJ Certified Standard Assurances in JustGrants. See the [Application Resource Guide](#) for additional information.

DOJ Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing

Review and accept in JustGrants the DOJ Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing. See the [Application Resource Guide](#) for additional information.

Applicant Disclosure and Justification – DOJ High-Risk Grantees

If applicable, submit the DOJ High-Risk Disclosure and Justification as an attachment in JustGrants. A DOJ High-Risk Grantee is an award recipient that has received a DOJ High-Risk designation based on a documented history of unsatisfactory performance; financial instability; management system or other internal control deficiencies; noncompliance with award terms and conditions on prior awards or is otherwise not responsible. See the [Application Resource Guide](#) for additional information.

Application Review Information

Review Process

OJP reviews the application to make sure that the information presented is reasonable, understandable, measurable, achievable, and consistent with the solicitation. For invited applications, OJP reviews for consistency with the invitation letter and invited applicant guidance. See the [OJP Grant Application Resource Guide](#) for information on the application review process.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM.gov.

Important note on Responsibility/Qualification Data (formerly FAPIIS): An applicant, at its option, may review and comment on any information about itself that currently appears in SAM.gov and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in SAM.gov, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only SMART Office recommendations, but also other factors as indicated in this section.

For purposes of this Guidance for Invited Applications, this “[final] award decisions” provision expressly modifies the “final award decisions” provision in the “Application Review Information” section of the [OJP Grant Application Resource Guide](#).

Federal Award Administration Information

Federal Award Notices

Generally, award notifications are made by the end of the current Federal fiscal year, September 30. See the [Application Resource Guide](#) for information on award notifications and instructions.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices (programs or practices that have been evaluated as effective), see the [Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information on what should be included in the application, see the [Application Resource Guide](#) section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [Application Resource Guide](#).

Civil Rights Compliance

If a successful applicant accepts funding from OJP—as a recipient of OJP funding—that award recipient must comply with certain federal civil rights laws that prohibit it from discriminating on the basis of race, color, national origin, sex, religion, or disability in how the recipient delivers its program’s services or benefits and in its employment practices. The civil rights laws that may be applicable to the award include Title VI of the Civil Rights Act of 1964 (Title VI), the nondiscrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968 (Safe Streets Act), and Section 504 of the Rehabilitation Act of 1973. These and other federal civil rights laws are discussed in greater detail here: [Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2024 Awards](#) under the “Civil Rights Requirements” section, and additional resources are available from the [OJP Office for Civil Rights](#).

Part of complying with civil rights laws that prohibit national origin discrimination includes recipients taking reasonable steps to ensure that people who are limited in their English proficiency (LEP) because of their national origin have meaningful access to a recipient’s program and activity. An LEP person is one whose first language is not English and who has a limited ability to read, write, speak, or understand English. To help recipients meet this obligation to serve LEP persons, DOJ has published a number of resources, including a language access assessment and planning tool, which are available at <https://www.lep.gov/language-access-planning>. Additional resources are available at <https://www.ojp.gov/program/civil-rights-office/limited-english-proficient-lep>. If the award recipient proposes a program or activity that would deliver services or benefits to LEP individuals, the recipient may use grant funds to support the costs of taking reasonable steps (e.g., interpretation or translation services) to provide meaningful access. Similarly, recipients are responsible for ensuring that their programs and activities are readily accessible to qualified individuals with disabilities. Applicants for OJP funding must allocate grant funds or explain how other available resources will be used to ensure meaningful and full access to their programs. For example, grant funds can be used to support American Sign Language (ASL) interpreter

services for deaf or hard of hearing individuals or the purchase of adaptive equipment for individuals with mobility or cognitive disabilities. For resources, see <http://www.ADA.gov> or contact OJP.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [Application Resource Guide](#) for additional information.

Information Technology Security Clauses

An application in response to this solicitation may require inclusion of information related to information technology security. See the [Application Resource Guide](#) for more information.
